## Worse Than Onions.

Bad Breath from Indigestion Cannot be  
Overcome with Perfumes.  
All of us suffer from bad breath—  
sometimes our own, but oftener that of  
our friends.

Nine-tenths of this bad breath comes  
from some stomach trouble, and cannot  
be overcome by breath perfumes or any  
other palliative measures.

If you occasionally have a bad breath;  
if there is heart-burn, flatulence and acid  
griping of indigestion; if the  
stomach burns or smart; if there is  
sleeplessness, nervousness, headaches or  
any other of the many symptoms of indig-  
estion, use Mi-o-na stomach tablets and  
get well.

Mi-o-na is not a mere digestive nor a  
physic, but a tonic remedy that strength-  
ens the muscles of the stomach and bow-  
els, so that the flow of gastric juices is  
increased, and the food is digested natu-  
rally and does not stay in the stomach  
to ferment and poison the breath.

Frank Kimball, proprietor of the  
Noyes Drug Store, has seen so many  
cures made by Mi-o-na stomach tablets  
that he gives a guarantee with every  
50-cent box that the money will be re-  
funded if the remedy fails to give satis-  
faction. He takes the whole risk, and a  
box of Mi-o-na will not cost you a penny  
unless it cures you. 50-51

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because of its deceptive nature. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the taking Dr. Kilmer's liver and bladder remedy. # IN THESE TIMES

You may not want to spend much money for presents but you do want to remember your friends and YOU WANT SOMETHING YOU WON'T BE ASHAMED OF IN A SHORT TIME.

It's safest to buy of a dealer WHO KNOWS THE QUALITY.

Our 22nd annual display is the largest we have ever shown—our prices the lowest.

Watches, Clocks, Jewelry, Solid Silver and Plated Ware, Genuine Cut Glass, Optical Goods, Spectacles, Eye Glasses, etc.

Remember that the early buyers have an advantage. The last minute buyers have in many cases only broken assortments to select from. "A word to the wise."

It will not cost you a cent to look over our Holiday Goods. Goods marked in plain figures, therefore prices no higher during Holidays than rest of year.

## HARRISON.

Injured by a Fall. James Thomas recently fell while engaged in feeding his horses, and struck on his arm in such a way as to break a ligament in his right shoulder. He has since been confined to the house, most of the time as the doctor pronounced the injured arm as a broken bone. He is engaged in extensive lumbering operations, as he usually is in the winter, and he is able to give but little attention to his business just at present.

Read Hills the Jeweler's ad on page 5. Benson M. Davis has been quite feeble for several weeks, and is thought to be slowly failing. He is one of our oldest citizens, being eighty-three.

Mrs. C. C. Doughty has been in poor health during most of the summer, but is somewhat better at present, and is making a lengthy visit in Oakland.

We are having remarkably mild and pleasant weather for the season, and the few inches of snow that came Nov. 25th is fast disappearing, the roads being about all bare.

The schools all began on the 2nd inst., and will continue for at least ten weeks. All are under the charge of the teachers of the previous terms, except the Village Grammar, which is under the care of Miss Nellie S. Nutting, of Bates College.

Harrison Village has had but one blacksmith shop since the fire of last May, and he has more work than he can do, especially in the sharpening season. Prices for shoeing horses have been advanced fifty per cent within a few weeks.

E. D. Gray has nearly finished the buildings which are being erected on the shore of Long Lake in South Harrison for the use of the new Boys School, which is to be established there next summer by Dr. P. S. Page of Andover, Mass. This school is to be called Camp Sokokis, and is to be on land bought of Gray.

Minta Trafton, daughter of F. M. Trafton, has been quite sick with diphtheria at her home in South Harrison, but is now improving. This is one of the four or five cases which have developed at Bridgton Academy during the present term. Rigid sanitary measures will be adopted at the school before the commencement of the next term.

J. H. Randall's new buildings in South Harrison are still incomplete, and Mr. Randall's family will probably continue to occupy their present residence until early in the spring. The building of these buildings has proved to be more of a job than was anticipated, but the work is being pushed forward by the carpenters and painters as fast as possible.

Lakeside Grange will hold its annual election of officers at its regular meeting on the evening of the 14th inst. The grange has been holding some interesting meetings of late, and have discussed educational, agricultural, and literary topics. The last question discussed was: "What shall we read during the coming year, and how can we best procure it?"

The hunting season did not prove very destructive to the deer here-about, the new law in regard to shooting does being a serious restriction. A large posse of hunters from Harrison and Naples followed one buck for more than two days, chasing him across Long Lake several times, and firing at him times enough to have brought down a whole drove. When the season closed the prize had not been secured.

The Maine Telephone Co., which has purchased the Bolster's Mills Co.'s property, is now engaged in stringing wire for new instruments on a line reaching from E. D. Gray's to Camp Wildfame, and will at once begin the erection of a new line on the River road to extend down as far as Harmon Thompson's, and possibly farther. This company has contracted to put in over forty new instruments on the Bolster's Mills line in Harrison, Waterville, and Otisfield, and will do the work as soon as possible.

The new Odd Fellows' Block at the Village approaches completion. Work on the stores is being pushed as fast as possible, a night crew having been at work for a short time. Southworth, the clothier, and Allen, the shoe man, are already located in their new stores, and Kneeland, the grocer, expects to move this week. The Odd Fellows and Rebekahs have held their meetings in Grange Hall since the fire. They have found this ample, but have the disadvantage of being in a hall not fitted up for their particular kind of work. Their elegant new hall will be ready for occupancy soon after new year's.

**BYRANT'S FOND.**  
 Prominent Family Removes.  
 By the removal of the Ford family from this place the community feels a loss of some of its most esteemed and valuable members.  
 The Fords are somewhat extensively connected in this vicinity, and are people of importance. Mrs. Edith Ford, daughter of the late Alden Chase and sister of A. Mont Chase, has long been active in church work and has always been a staunch Orthodox member of the Baptist sect. Ethel Ford has likewise been actively identified with church interests, and has attended numerous conferences all over the State. She has always served as a model of fidelity and energy in this work and is highly esteemed by all, as is Mrs. Ford, for her constant works of Christian charity and unselfish sacrifice in caring for the sick and giving to the poor.  
 Miss Ford, besides being a devoted church member, enjoys the reputation of possessing rare artistic gifts. She has done numerous crayon portraits for our townspeople and her skill with the pencil is universally recognized.  
 The Fords left town Tuesday morning, Dec. 3d, on the morning train, with a car of valuable goods which they are transporting to Yarmouth where they are to make their home. The Rev. Charles L. Snow of Connecticut has been assisting them to peregrinate. It is rumored that Miss Ford and Mr. Snow will shortly be joined in matrimonial bliss, and that they will make their home at Yarmouth with Mrs. Ford. Mr. Snow is to be congratulated on winning so devoted and talented a bride.

**Bryant's Pond Boy Just Misses Drowning.**  
 Hugh Farnum, a boy about 13 years old, had a narrow escape from drowning, Wednesday, the 4th, through the ice on the lake while skating. Had it not been for the quick wit and the courage of Edward Peverley, the boy would certainly have met his death.  
 Young Farnum had been skating with a number of other boys on the ice and although warned against going out on the lake failed to heed the advice. He and two others proceeded to the town landing where the ice is still thin. Just before reaching it, the Farnum boy broke in and disappeared in about 12 feet of water.  
 By good luck he managed to grasp the ice and sustain himself, but the other boys were unable to extricate him. He was rapidly growing numb and was about to let go and sink to the bottom when Edward Peverley, son of Dexter Peverley, the carriage-maker, came running to the rescue. Peverley had a hockey stick, and very courageously venturing out on the thin ice managed to get the stick under the boy's arm. Peverley with great exertion dragged him out onto the ice and thence onto the wharf.  
 The boy was almost unconscious when rescued, and could neither tell how the accident had happened nor how long he had been in the water. He was taken to Gerry Wing's house, and after vigorous treatment regained his strength. It is safe to say he will be shy of the lake for some time.  
 This makes the first of the expected casualties in this vicinity. Parents would do well to keep their children off the lake till the ice is frozen solid.

**The Paragraph Pulpit.**  
 BY EDWIN A. RUMBALL.  
 George Elliot supplies us with our text this week: "Day by day we are preparing ourselves for the great deeds and misdeeds of life." We say that it is a problem why some are born strong, pure minded and brave, and others come into the world weak, malicious and unprincipled. We create the problem by assuming that God creates each soul when the character of each boy and girl has been determined by its parents. It always is a problem to understand why God does things which he does not do! Punishment is not the wrath of any God, but simply "the stream of consequence flowing on unchecked." No church or belief, no God or Savior can prevent you reaping exactly what you sow. Not even ignorance will save you. It may seem cruel that we should suffer for things we do not know are wrong, but if the law of cause and effect was interrupted to meet the ignorant, there would be a premium on ignorance. If ignorance were bliss, how foolish to be wise!  
 No, there are no exceptions; do good, think purely, speak kindly and there is a harvest of honor and respect for you, as well as the easy power of being ever ready to lend a hand to all who need you.  
 Be malicious, think about yourself, have a scowl and an evil word for your neighbor and your harvest is as certain and you will reap it in this world. I need only to say that every mother hopes her babe and every happy child alive, may never be what you now are.

 A. F. Wiley has sold his horse to Henry McAllister, the R. F. D. man.  
 Mrs. H. E. Jordan was called to Springvale recently by the illness of her husband.

A. T. Kimball, wife and little son of Kearsarge, N. H., spent Thanksgiving at the home of Mr. Kimball.  
 Q. W. Stevens, wife and Mrs. O. P. Stevens and little daughter spent Thanksgiving at Edwin Emery's, North Fryeburg, but were still more thankful when their son, O. P. Stevens, of South Windham very unexpectedly stepped in upon them in season for the chicken pie.  
 As a result of the milk supply controversy now going on, the Houlton Board of Health has decided to make two recommendations to the voters at the next town meeting. They will recommend that all milk vendors be licensed by the town, this license to be granted to the vendors who show a certificate from a capable veterinarian that their herds are kept in a clean and wholesome place and are free from tuberculosis germs. The second recommendation will be that a meat inspector shall be appointed who shall examine the carcasses of beef and hogs before they shall be permitted to be cut up for sale in the local markets. These seem like sensible recommendations.

**HAPPY WOMEN.**

Wouldn't any woman be happy, after years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, To find relief and cure?  
 No reason why any reader Should suffer in the face of evidence like this:  
 Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and that into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good, and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

 WHEREAS, The Great Reaper has again entered our ranks and gathered to the Great Grange above our beloved Brother, Herbert C. Bacon, and  
 Whereas, Brother Bacon has served Franklin Grange earnestly and efficiently ever since becoming a member, giving liberally of his time, energy and ability for the good of the order he loved, and though comparatively young in years had completed a successful life of strict integrity and usefulness as teacher, steward and patron of his band; and who since the breaking of his home two years ago by the loss of his faithful wife whom we all mourn, has stood the heaviest strain awaiting the harvest time, which came quickly and painfully, therefore, we shall miss his presence and counsel among us, let us remember the lesson of the ripening harvest in the ground, but when life seems to be a richer and fuller existence begins and  
 Resolved, That in the death of Brother Bacon our Grange has suffered the loss of a faithful member, the community a good citizen and the family a kind and loving father.  
 Resolved, That we extend our sincere sympathy to the mourning relatives and that our charter be draped for thirty days.
